***Allowable Subject Matter***

1. Claims 1-25 are allowed.
2. The following is an examiner's statement of reasons for allowance: The most relevant prior art of reference is that which was submitted by the applicants. However, they do not teach nor fairly suggest singularly or in any combination thereof a method for manufacturing a quartz glass crucible said method comprising producing a crucible base body comprising an outer layer of an opaque quartz glass and an inner layer, wherein at least part of the outer layer in an outer region surrounding an inner region is provided with a crystallization promoter which, on heating of the quartz glass crucible during said crystal pulling, causes crystallization of quartz glass with formation of cristobalite, wherein a first component other than silicon that acts in quartz glass as a network former or as a network modifier, and an alkali-metal-free-second component acting as breakpoint former in quartz glass are used as to promote crystallization, and wherein said components are introduced into and entrapped in a doping region of the outer layer, said doping layer having a layer thickness of more than 0.2 mm.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
